DEALT BUTTERINE A BLOW

SENATE PASSES A BILL WHICH AIMS TO DESTROY A BIG INDUSTRY.

If It Is Signed by the Governor the Poor Man Will Be Forced to Go Back to Rank Country Butter.

The news of the passage of house bill No. 26 by the senate at Jefferson City yesterday caused much disagreeable surprise in the city, as it had been hoped that the senate would refuse to pass it. The bill was introduced in the house by Representative E. S. Gurney, of Caldwell county, and was pushed through that body and the senate by him and Levi Chubbuck, and the dairy lobby that has been fighting the butterine industry for so long in the state. The provisions of the bill are such as to practically prohibit the manufacture and sale of oleomargarine and butterine in the state under the most serious penalties. The bill, which is very severe in all its provisions, having passed both houses of the legislature, is now in the hands of Governor Stone for action.

The bill is one that strikes a heavy blow at this city, inasmuch as the only butterine factory in the state is lo cated here. It is the house of the Jacob Dold Packing Company. Representa-tives of the firm who had been in Jefferson City were hopeful all the time that the measure would not receive the approval of the legislature, but they were disappointed in that.

Speaking of the bill and its improvi-

dent provisions, Mr. J. Martin Jones, of the Dold Packing Company, last even ing stated: "The enactment of the law is Hable to seriously interfere with our business. The progress of the packing industry during the past few years has been such as to make the butterine department of a packing house one of the out, and in this manner interferes with the ordinary run of business so that we are compelled to look with favor on the plan of possibly moving our plant to Wichita, where we have a branch house and where our business would not be in-terfered with by the vicious class legis-

lation. "During the past year the state of "During the past year the state of Kansas produced over 14 per cent of the butterine of the United States and consumed less than 2 per cent of the amount. We are the only firm in Missouri making the product, and we are employing in our place 800 people during the year. Of the number, 600 are heads of families. We have been doing a good business in the line and the sales of the product had caused shipments of car lots to other states. This bill, if sirned by the governor, may cause the closing of the plant and throw the men out of employment. The employes of our plant live in Missouri.

"The objections to butterine coming from the dairy interests are all mistaken criticisms. Butterine does not come into competition with the dairy product. It is the poor man's butter, and with it taken from him he will not be able to have that luxury; he must

and with it taken from him he will not be able to have that luxury; he must either take one-third of his day's wages to purchase a pound of dairy butter, or cless take what he can find in the mar-let of the nauscous compounds that are rent to the city for butter. The poor an is willing to use the butterine, and, usurqued as it costs less than half what

an is willing to use the butterine, and, assumed as it costs less than half what airy butter does, and is chemically pure, it fills a place distinctly its own. There is another view of the matter that is not generally known. The fadry people claim that the popularity of butterine has crippled the dairy business and caused great losses to the men in that line of trade. The state is a stock raising country more than it is a dairy state. In the West during the past year there was sold for market over 6,000,000 cattle. The increase in the value of each animal on account of the butterine trade was \$1.40. This was caused by this fact: Prior to the use the butterine trade was \$1.40. This was caused by this fact: Prior to the use of the fine tallow as oleo oil it was sold as tallow at 5 cents per pound. Now made into oleo oil it brings 8 to 9 cents per pound, and this increase in value goes into the pocket of the stock raiser and at the same time enables us to produce for the consumption of the poor

as can be plainly seen.
"Now, there is in Missouri more men raising than the dairy interests. There is always a good market for fine dairy products and the effort should be to get a better field for the market of the live stock of the state. Just think of the aggregate value to the stock raisers of the West during the past year. The little increase of \$1.40 per head on the six million marketed amounted to \$8,600,000, which went directly into the pockets of the thousands of stock raisers.

"The act takes the poor man's butter in Missouri away from him. He cannot afford to pay 30 and 40 cents per pound

in Missouri away from him. He cannot afford to pay 30 and 40 cents per pound for dairy product, and there isn't half enough to meet the demand if he was. He must take the compound on the market, fit in many cases only for the soap works, and use it or do without. The man who gets a dollar a day can hard-ten when the way and the affect to work half a day for a pound. afford to work half a day for a pound

ly afford to work half a day for a pound of butter.

"Missouri is a stock raising state and is not a dairy state. The legislation is for the interests of the Eastern states rather than for the stock raisers and laborers of the state. It was not for the best interests of the state, and the men who want cheap and wholesome butter are pretty certain to find that fact out

who want cheap and wholesome butter are pretty certain to find that fact out in good time.

"The law appropriates \$5,000 for the payment of the dairy commissioner and the enforcement of the law. The place is to go to Levi Chubbuck, ex-secretary of the board of agriculture, for his work in getting the bill through the legislature if the present plans carry.

"The action of the legislature in passing the bill is sure to meet with a spirited fight among the people of the state, who realize they are to be left without cheap and pure butter. They do not care to choose between the fancy prices of the dairyman and the greasy compounds of the corner grocery that are of such doubtful orgin. I am informed that the labor unions of the city of St. Louis are to take the matter up and give expression to their views on the subject and disapprove the affair.

"The people of the state and the country are well pleased with butterine and are using it, and the action of the legislature in doing the behest of the few dairymen, to the detriment of the whole people and the loss to the stockmen, I

people and the loss to the stockmen, leed sure will not meet public approval."

KRUEGER'S NEW SCHEME.

Assistant Prosecuting Attorney Lathey dismissed the case against Sam Howard, charged with assault, yesterday, when it was called in Justice Krueger's court and was called in Justice Krueger's court and shortly afterward Howard was arrested by a deputy from Justice Case's court. Justice Krueger thereupon made the announcement that he would continue but not dismiss cases where dismissals were ordered by the prosecution in order to avoid prosecuting cases before him. Mr. Lathey notified the Justice that the state wished to dismiss the cases against John Adams. Emma Washington and James A. Porter. Justice Krueger flatly refused to mark the cases off his docket and said they would be continued from time to time until the prosecuting atterney prosecuted them. The action of the prosecuting attorney in the matter is in keeping with the policy of the office, as announced several days ago, to avoid as much as possible the prosecution of cases before Justice Krueger as long as he is under indictment.

PLUMBING ORDINANCE.

It Has Been Prepared by Inspector Lieben and Will Soon Be Introduced in the Council.

Plumbing Inspector Henry Steben, in consultation with the union plumbers of the city, has prepared an exhaustive ordinance regulating plumbing and house drainage. The ordinance, which aims to revise the plumbing ordinances of the city, will be introduced at the next meeting of the council. Its principal provisions

No person shall carry on the business of

RUINS STILL SMOLDERING.

The Burned Out Companies Have Secured Temporary Quarters—English Supply and Engine Company's Insurance.

A cloud of smoke rose all day yesterday rom the rules of the buildings that were ccupied by the Western Newspaper Union and the English Supply and English Com-pany at Nos. 489 Broadway and 419 West Fifth street until they were destroyed by fire Wednesday night. All day long a crowd, which alternately dwindled and grew, curiously watched the smoldering rules and the firemen tearing away por-tions of walls that might prove dangerous it left standing ritins and the firemen tearing away portions of walls that might prove dangerous if left standing.

The Western Newspaper Union and the Great Western Type Foundry Company were given temporary quarters at Fourth and Wyandotte. The English Supply and Engine Company engaged quarters at No. 512 Broadway. Manager English was at this temporary office yesterday. He said said the supply and engine company had said the supply and engine company had said the supply and engine company had said the supply and Engine Company to the English Supply and Engine Company to the extent of \$84,750. In the following companies: Commerical Union, England, \$1,500; Phoenix, England, \$6,500; Sun, England, \$6,500; Phoenix, England, \$6,500; Sun, England, \$6,500; Alias, England, \$6,500; Citizens, of New York, \$5,000; Ningara, of New York, \$6,000; Citizens, of New York, \$5,000; Ningara, of New York, \$6,000; Ningara, of Reliands, \$6,000; Alemaimia, of Pittsburg, \$1,500; Trailors, of Chicago, \$500; United Firemen, of Philadelphia, \$1,500; Phoenix, of Hartford, \$1,500; Norwheb Union, \$5,000; Connecticut, of Hartford, \$1,500; New York, \$5,500; Phoenix, of Hartford, \$1,500; North British Moreantile, \$2,500, Insurance on the buildings was distributed as follows: Imperial, of London, \$5,000; National, of Hartford, \$2,500; Missurance on the buildings was distributed as follows: Imperial, of London, \$5,000; National, of Hartford, \$2,500; North British Moreantile, \$2,500; North British Moreantile, \$2,500; North British Moreantile, \$2,500; North British Moreantile, \$2,500; North Br

WAIFS FROM NEW YORK.

Twelve Children Sent to Yates City, Kas.,

for Them. Agent P. W. Tiee, of the Children's Aid Society, of New York, passed through the Union depot yesterday with an even dozen children, ranging in age from 2 to 12 years,

Both Appear to Be in Deep Distress. Arthur J. Coulter and Clarence F. Hill were arraigned before Justice Case yesterday on a charge of embezzling 8,000 each from the Kansas City Electric Light Company, while serving as employes of the company. The composure with which they had received their arrest had worn away and they appeared very much distressed. Coulter's efforts to procure ball had been in vain. Through their attorneys the young men waived a preliminary hearing and they were committed to the county juil to await action by the grand jury.

Coulter had not been locked up since his arrest, though continually under surveillance of officers of Justice Case's court, and his failure to find bondsmen chaprined him very much. It is not unlikely that he could have procured bond if his alleged shorting was only \$2.00, but the electric light company and the American Survey Company claim a total shortage of between \$5.00 and \$5.00, and even if released on bond Coulter would very probably be arrested on additional charges. tay on a charge of embezzling \$2,000 each

Orney Birch, John Maple and Tom Maple were held by Justice Krieger yesterdage on a charge of stealing a lish net worth about \$40 from Robert Ford and E. Beck. The men are fishermen who own a river hoat at the mouth of the Blue. Both of the Maples have lived in Kansas City for a long time and a statement that the men are river pirates is not borne out by their resortis. No stolen goods have been found in their possession except the alleged stolen net. There was a large quantity of fishing tackle and boating materials found in their possession, but no one has thus far laid claim to any of it. When Birch was arrested yesterday he had \$550 in his possession. For lack of anyone else on which to place the blame of recent highway robberies the police have intimated that Birch might have been engaged in that business. There is no evidence to support such a supposition.

The park board held a meeting yesterday and decided to so ahead with the work of improving the public squares, as requested to do by the council, some time ago. The plans for the improvement as outlined in the Journal some time ago were approved. The square will be fenced in with an ornamental iron fence and a handsome fountain will be placed in the center of the square, with approaches leading to it from all directions. The intermediate space will be solded.

President Meyer said yesterday that the park amendment will be ready to be submitted to the council early hext week. It is being prepared by several attorneys in consultation with Mr. Meyer.

MAY NOT OBEY THE ORDER.

RECORDER ARNOLD QUESTIONS HIS POWER IN THE MATTER.

Thinks the Law Will Not Permit Him to Take Ballot Boxes Before the Grand Jury-Has Taken Legal Advices

The grand Jury has not obtained a dight into any of the ballot boxes yet and there seem to be grave doubts as o whether Recorder Arnold will obey he mandate of the court and produc them. He declined to take the boxes beore the grand jury yesterday until after he had consulted with his legal advis-ers, and after he had done so it was evilient that they had advised him that the ourt had no authority to order the loxes produced for the examination of the grand jury and that he had no right to let anyone inspect them unless they used as evidence in contest cases. Recorder Arnold went before the

grand jury yesterday and explained the situation to them. He did not at that time say that he had decided not to obey the order of the court, but he asked that the order be considered inoperative for one day so that he could have time to fully look into the law governing the He will either produce the boxes this morning or will appear before the grand jury and state his reasons for refusing to do so. In case Recorder Arnold declines to produce the boxes, it will be taken to compel him to do so,

The grand jury did not examine many witnesses yesterday, but they seemed to be important ones, judging from the room. Chief Speers was one of the witnesses to whom considerable time was nesses to whom considerable time was devoted yesterday. He was in the grand jury room for fully an hour and it is said he gave the jury some valuable evidence as to the frauds and the whereabouts of some of the people for whom they have been seeking. M. J. Madick, a prominent politician of the Kensington precinct, in which so many open frauds were committed on election day, was be-fore the jury for a long time. C. C.

precinct, in which so many open frauds were committed on election day, was before the jury for a long time. C. C. Bloomfield is a witness who voluntarily came from St. Joseph to tell what he knew of the frauds and their perpetrators, and among the other witnesses were: James A. Finlay, Sam Jarboe, C. W. Porter, William Harrington and Grant Lewis, who has been in Jall since he was brought back from Oklahoma, succeeded in finding bondsmen yesterday. When he was arraigned he entered a plea of not guilty and Judge Wofferd fixed his bond at \$150, which he furnished, with Jacob Baum and T. B. Kimball as sureties.

THREE LECTURES.

Will Be Given Under the Auspices of the Central Woman's Christian Tem-perance Union. The Central Women's Christian Temper

perance Union.

The Central Women's Christian Temperance Union is arranging for three lectures this spring. A letter relative to a lecture here by Colonel Bain, of Kentucky, was read at the meeting of the union yesterday afternoon. A committee was appointed to make arrangements for the lecture. It is probable the lecture will be delivered April 29. Rev. Anna Shaw, the suffrage and temperance speaker, is to lecture in May. Both of these lectures will be under the direct auspices of the union. John G. Wooley, the temperance lecturer, will speak here on May 28. His lecture will be managed by the Young People's Societies of Christian Endeaver of the city, though it will also be given under the auspices of the union. The secretary of the union was instructed to convey to the ministers of the city who are outspoken in their demands for municipal reform, the indorsement of the ladies of the union. It was amounted at the meeting that both auticigatette bills, one of which originated with the Women's Christian Temperance Unions of the state, have been killed in the legislature. It was also amounced that the age of consent bill, for which the unions of the state, have been killed in the legislature. It was also amounced that the age of consent bill, for which the unions of the state, have been killed in the legislature of the scare, have been killed in the legislature of the scare and awaits the signature of the governor. The committee on temperance work at the Helping Hand institute reported that sayeral evenings a month will be granted for that surpose, and a committee was named to select the dates for the meetings and arrange programmes.

FOOD INSPECTION MEASURE.

FOOD INSPECTION MEASURE.

Speaker Stoner Has an Ordinance Which He Will Soon Present to

the Council. aker Stoner of the lower house has Speaker Stoner of the lower house has prepared an ordinance providing for the inspection under the direction of the health officer, of all milk, cream, water, ice, meats and foods of all kinds offered for sale in this city. The health officer is also authorized to examine all cows suspected of being infected with tuberculosis pected of being infected with tuberculosis.

MINOR MENTION.

The Santa Fe Placer Mining Company will hold a meeting to-night at the Coates House club room.

The National Council of Jewish Women will hold a regular meeting Friday afternoon at 2 o'clock at the temple.

Mrs. Tiffany and her art class will have the honor of extending a reception to Mile. Rhea this afternoon at 1 o'clock at the residence of Dr. and Mrs. Tiffany, 257 Troost avenue.

Lacob Mever, proprietor of a second hand

Troost avenue.

Jacob Meyer, proprietor of a second hand store, who was arrested by the police on a charge of receiving stolen goods, was discharged by Justice Spitz yesterday, the evidence furnished by the police being extremely weak.

Mr. Jac Dowley, of Fr.

tremely weak.

Mr. Joe Dowden, of St. Louis, who was for many years connected with Swofford Bros., of this city, was married here yesterday to Miss Laura Helle Roberts. They will make their home in this city after their return from an Eastern wedding tour.

will make their home in this city after their return from an Eastern wedding tour.

No chie has yet been obtained by the coroner or police to the identity of the half-burned baby, presumably murdered, that was found at the foot of Grand avenue near the mouth of the Grand avenue sewer last week. The mystery surrounding the case of the baby that was found strangled at Thirteenth and Forest avenue, last week, is also unsolved.

Two men who gave the names of Sam Morresy and Charles Anderson and who are suspected of being men who recently broke jail at Atchison, Kas, were arrested yesterday at the union depot by Police Officers Dwyer and Hayden. The men were locked up at the central police station to await identification. They are supposed to be Charles Johnson and Charles Manning.

Two new cases of diphtheria were reported to the board of health yesterday. A very severe case was reported from 807 West Twenty-first street and anti-toxine was administered by Dr. E. Burchard. The other case was at 2145 Washington street. Cases of scarlet fever were reported at 2127 Olive street and 1812 Camplied street. A case of measles was reported at 162 Baltimore avenue.

The board of public works will meet this morning to discuss the proposed grade of

THE TIMID TRAVELING MAN.

He Will Make Himself Seen and Heard in Kansas City To-morrow-1 Banquet at the Centropolis.

Traveling men are going to capture Kan-sas City Saturday, if possible at least that is the programme at present mapped out by officers of the Travelers Projective As-sociation of America, who are now in the sociation of America, who are now in the city. This association is composed of commercial travelers and their employers, and is organized in thirty-two states of the Union. During the past fow years it has become quite a potent factor in commercial circles, and the recent a hievement of the organization in securing the passage of congress of a bill amending the interstate commerce law, as as to allow rathroads to issue interchangeable indicate the circles, has inspired the officers of the organization to renewed efforts in extending the scape and inducince of the association. For a year past there has been a local membership, known as post 15 of the Missouri division, but it has been practically without organization, and, consequently, has never accommished anything which has given it any local promisence. This visit of the state and national officers is for the purpose of rejuvenating the local publishes and of allocated the national officers.

better acquisinted with the objects of the association.

There is an insurance feature connecte with the T. P. A., which formshes ment bers of the association with accident in surance at absolute cost. There is no ment bership fee connected with the organization, and no initiatory exemonics, apply said for membership only being require to pay six months' does at a time.

President Fuller, of the Commercial Club will probably call a special meeting of the high at the rooms in the board of tradibilitiat, on Saturday afternoon, when the discrete of the association will be invited to address the members upon the merits of their organization. Saturday night a banget at the Centropolls hotel will be tensed by the Missouri division of the T. P. to the traveling men and wholesale icrobants of Kansas City. Mayor Davis as accepted in invitation to preside at he binquet, and Governor Stone will be resent as the stees of the division Concessman Tareney, F. A. Faxon and other entlemen of local premisence will be keed to respond to tousits appropriate to

the national railroad committee of the P. A., arrived in the city last night is sist in the work in progress here.

BUTCHERS AND GROCERS.

They Meet and Again Discuss the Troubles With the Proprietors of the Pack-ing Houses.

The mass meeting of the Retail Butchers and Retail Grocers' Associations of the city, at Turner hall last evening, was not well attended, there being less than fifty people in the hall during the 'evening. Quite a number of addresses were made during the evening by the officers and others interested. Most of the addresses were harsh comments on the customs of he packers. Secretary Oldham, of the Retail Grocers

Association, spoke advising a closer union o make the fight more effective. President Howes called on Fred Michler, I Twelfth street butcher, to tell how he ny and sareast peech. Messrs, Hen-

awarded. A full attendance of the board is requested.

Scaled bids will be received by the board of education up to 6 o'clock p. m. Thursday, March 21, 1885, for the purchase of the two story brick iwelling and brick barn situated on the new library site, on the northeast corner of Ninth and Lecust streets. Payment therefor to be made in cash upon acceptance of bid.

All materials contained in said buildings are to be removed from said premises by the purchaser within twenty days from date of purchases, The board reserves the right to reject any and all bids.

Mile. Rhea at the High School.

Mile. Hortense Rhea, the actress who is playing at the Coates opera house this week, is to attend the Jubile exercises at the high school at it o'clock this morning and deliver an address in French. Mile. Rhea was invited by Miss Emma Guinotte, teacher of French in the high school, who has intimately known the celebrated actress a number of years. Mile. Rhea visits Miss Guinotte whenever she has an engagement in Kansas City, and Miss Guinotte, when on the Continent, is invariably invited to stay at the actress' summer home in Helgium. The high school scholars are very much pleased that Mile. Rhea has conscited to visit the school even though her address will be intelligible only to the classes in French.

The remainder of the morning's programme will be furnished by the High School Musical Club, which was recently organized, it will be. Selection by the club; violin solo, John W. Elliott; plano solo, Edward H. Keiley; selection by the club; cornet solo, Walter M. Ross; flure solo, Albert J. Lindsley; selection by the club. Mile. Rhea at the High School.

Home Seckers Excursion.

On April 2 the "Katty Route," Missouri, Kansas & Texas Railway, will sell round trip tickets to all points in Texas (excepting El Paso) and to Lake Charles, La., at a rate of one fare plus \$2. Tickets good twenty days, with stopover privileges both going and coming within the limit. For all information call at ticket offices, No. \$23 Main street and 1044 Union avenue.

New Train to Leavenworth via the Bur-lington Route.

Leave Kansas City daily 2:30 p. m., run-ning solid to the heart of the city into the new Burlinton station at Leavenworth, arriving at 4:30 p. m.

OF INTEREST TO STOCKMEN.

ARIZONA AND SOUTHERN CALIFORNIA CATTLEMEN ARE PROSPERING.

They Are Benefiting by the General Improvement in the Cattle Raising Industry-Grading Up Their Herds -At the Yards With Stock.

Cattle growers of Arizona and Southern California, who have had such a

hard time the past few years, are seeing orighter days now and participating in the improvement that has been noticed In other sections of the country of late C. W. Gates, of the ranch firm of Vail & Gates, Pantana, Ariz., and Los Angeles, Cal., was at the yards yesterday

He says ranchmen in his section are taking courage again now that prices are coming in. The small ranchmen in his section have nearly all gone out of the business and the supply of cattle in Southern California and Arizona is 49 per cent short of a year ago. The result is better prices and the larger ranchmen are breeding their cattle up again. His firm alone has put 250 Hereford bulls on its range within the past year. The calf crop last year was good and promises to again be good this season. They have 2,000 to 4,000 feeders that they expect to put on the market this season. The quarantining of Southern California by the bureau of animal industry shuts those cattle out from the dustry shuts those cattle out from the Eastern market. But they would not come this way anyway, as the home de-mand is not taking the reduced crop at

air prices.

PECULIAR PROCEEDING.

Witnesses Summoned by the Sheriff at the Request of a Joker.

A peculiar proceeding took place yester day in the circuit court, which not only attracted the attention of Judge Dobson, but ended disastrously for the Joker, who was made to pay the costs. When the case of Alice Guy against John Guy for divorce was called, Deputy Sheriff Caldwell handed subpoences for witnesses. It was sed that the plaintiff had not called a witnesses, and it was developed a defendant was not a party to the

Teacher's Salary.

In Judge Dobson's court in Independence restorday, the principal taxpayers of school district No. 1, township 48, range 23, located in East Kansas City, were summoned ted in East Kansas City, were summoned witnesses in an injunction suit brought. Louis Tippe and others against James Kerr and S. J. Jackson, directors of the hool district. The suit was brought for a purpose of stopping the pay of the hool teacher, Amson Buckley. The fight respreasely has involved the whole district, and considerable had blood is aprent. The plaintiffs allege that Anson ickley was elected teacher in an irregulation. The property of the election as school acher several beisterous meetings were all by the directors, and the clerk's record

IN THE COUNTY COURT.

pany in the federal court for a restraining order to prevent the enforcement of the provisions of the Tierman ordinance lixing
the price of gas sold to consumers at \$1
per thousand, did not come up in the federal court yesterday before Judge Philips,
as had been arranged, on account of the
necessary absence of some of the attorneys on both sides of the controversy.
After disposing of some unimportant matters the court was adjourned until Satuday morning.

The attorneys are expected to take up
the gas matter this afternoon before Judge
Philips in chambers and make the arguments for and against the restraining order.

For Passing Counterfeit Coin.

John Noble, Orville Lowe, Andy Noland and John Wolf, four then arrested early yesteriay morning at Con Maloney's saleon at Twelfth and Hickory streets, on the charge of passing counterfeit money, were turned over to Federal Deputy Marchal Tom Hayde yesterday morning and taken before Commissioner Thomas to answer to the charge. The preliminary hearing was set for fooday, and in default of half the men were sent to the country jail.

There appears to be two sides to the case. The man claim they did not pass the money and had none in their possession when arrested. The police at first claimed they found no money in searching the men, but later claimed to have found a considerable number of pieces in their possession.

To Divide the Muson Estate.

Judge Henry in the circuit court yesterday granted a decree of partition of the Muson estate valued at bet seen \$1,500,000 and \$2,000,000. The estate is that of the late A. L. Muson and the decree was granted in the proceedings of O. H. Dean and others against Anna M. Muson and others. The suit is a friendly one brought for the purpose of having a legal division of the estate, to which there are about a dozen heirs. Mrs. Dean being one of them. Judge Henry appointed a commission consisting of A. A. Whipple, John Stevens, H. C. Har-
